BOEDEKER PLASTICS REACH COMPLIANCE STATEMENT

Boedeker Plastics, Inc. is fully aware of the requirements of **REACH**, the new European Union (EU) Regulation on the **Registration, Evaluation and Authorisation of Chemicals** and the dates by which various activities must be implemented. It is our intention to assist our customers and suppliers in full compliance with the legal requirements of REACH.

Boedeker Plastics, Inc. is a United States based distributor (reseller) of plastic materials in sheet, rod, tube, and a producer of machined parts forms only. No formulating, compounding, mixing, production, melting, or other chemical change of plastic materials is performed by our company. As such, Boedeker Plastics, Inc. is classified as a **distributor** and a **downstream user** under the REACH definitions and therefore we are **not required** to pre-register or register any products or formulations.

It is our intention to:

- Identify all substances within the products we sell, to the best of our ability, and encourage our suppliers (manufacturers or distributors) to pre-register these substances with the ECHA and/or the proper EU authorities as required by REACH.
- Communicate sufficient information to relevant stakeholders in order to provide information on identified uses of the products we sell within the meaning of REACH.
- Follow instructions on Safety Data Sheets and information provided on exposure scenarios.
- Provide our customers with information regarding hazards, risks and safe conditions of use of the products we sell via the manufacturers' Material Safety Data Sheets.

Based upon information provided to us by our upstream suppliers and to the best of our ability, we hereby certify that the **plastic materials we sell do not contain any of the REACH Substances of Very High Concern (SVHC-84)**, according to the Candidate list published by ECHA (European Chemical Agency) and updated in December 2013.

If you have questions concerning Boedeker Plastics' position on REACH compliance of the plastic materials that you purchase from our company, please contact us by phone at 361-594-2941 or by e-mail to info@boedeker.com.

Sincerely,

Marvin Boedeker
President
